Summary

Motivated Computer Science Engineering (Data Science) undergraduate with hands-on experience in **Data analytics**, **Dashboard Development**, and **Web Development** through internships and real-world projects. Proficient in **Python**, **SQL**, **Power BI**, **Tableau**, **Excel**, and **ETL** concepts, with strong **analytical**, **problem-solving**, and **data visualization** skills.

Technical Skills

Programming Languages: Python, SQL, R-Programming, Java, C, C++

Data Analytics: Power BI, Excel, Tableau, Data Visualization, Data Analysis, Data Cleaning, Dashboard Design

Database: MySQL, MongoDB

Web Technologies: HTML, CSS, JavaScript, React.js

Tools And Clouds: VS Code, Git, Github, Docker, AWS, Vercel

Projects

Netflix Analytics Dashboard([Tableau Public Dashboard](#))

Developed an interactive **Tableau dashboard** analyzing 8,807 Netflix titles with KPI cards, filters, and visualizations for ratings, genres, release trends, countries, and **Content insights**.

Flipkart Product Analytics([Tableau Public Dashboard](#))

Developed an interactive **Tableau dashboard** analyzing 20,000 Flipkart products with KPI cards, filters, and **Visualizations** for pricing, discounts, ratings, and **Product insights**.

Student Mentorship([Live Website](#) + [GitHub](#))

Built a responsive career guidance platform using **HTML**, **CSS**, and **JavaScript**. Designed an accessible, user-friendly interface to improve navigation and engagement.

Experience

Data Analysis Intern([Completion Certificate](#)) Feb 2026 – Mar 2026

- Analyzed datasets using **Power BI** and **Excel** to build interactive dashboards, evaluate performance trends, and generate actionable business insights. Successfully completed the internship and earned a completion certificate.

Web Development Intern([Offer Letter](#)) OASIS INFOBYTE Aug 2025

- Assisted in developing responsive web applications, enhanced **UI/UX**, collaborated with development teams, and received an offer letter.

Education

Avanthi's Scientific Technological and Research Academy Bachelor of Technology, Computer Science Engineering (DS) Jul 2027 CGPA: 8.6/10 (86%)

Sri Gayathri College Jan 2023 Percentage: 90%

C.M.R Model High School Jan 2021 CGPA: 10/10 (100%)

Certifications And Courses

- IBM AI Fundamentals([Certificate](#))
- IBM Data Fundamentals([Certificate](#))
- Tata Data Visualization Job Simulation([Certificate](#))
- Deloitte Data Analytics Virtual Experience([Certificate](#))
- SAP Data Analytics([Certificate](#))
- ICAT Certificate([Certificate](#))
- Convolve 4.0 Hackathon([Certificate](#))
